

> IIAS Fellows

1 July 2002 – 15 November 2002

One of the most important goals of the IIAS is to share scholarly expertise by offering universities and other research institutes the opportunity to benefit from the knowledge of resident fellows. IIAS fellows can be invited to lecture, participate in seminars, cooperate on research projects etc. The IIAS is most willing to mediate in establishing contacts and considers both national and international integration of Asian Studies to be very important objectives.

The IIAS wants to stress the cooperation between foreign researchers and the Dutch field. With regard to the affiliated fellowships, the IIAS therefore offers to mediate in finding external Dutch funding for applicants who will take part in a current Dutch research project, and have not yet found ways of financing his/her visit to the Netherlands. For more information please see the IIAS fellowship application form, which can be obtained from the IIAS secretariat or can be found at: www.iias.nl/iias/applform.html

IIAS affiliated fellowship applications can be submitted at any time (no application deadline).

Hereunder you will find, ordered by region of specialty and in alphabetical order, the names and research topics of all fellows working at the International Institute for Asian Studies. Mentioned are further: country of origin, period of affiliation, kind of fellowship, and, if applicable and only in case of an affiliated fellowship, funding source/co-sponsor.

General
